

## **RN Supervisor**

The Arc of Howard County is seeking a full-time RN to provide nursing case management to up to 8 medically fragile individuals with intellectual and developmental disabilities living in 2 community-based homes.

Responsibilities include developing nursing care plans, supervising LPN's, RN's and scheduling and providing on-call support. This position serves as a liaison with physicians, healthcare providers, families and team members.

The ideal candidate may be seeking an opportunity to stay in patient care but in a more relaxed "home environment" with a smaller, consistent caseload. Applicants should possess excellent communication skills, experience with staff supervision, computer skills and a high level of personal accountability to seek tasks through. A valid Maryland RN License is required.
